

Melaina & the Mistfits

Complexity

Objective

Place 12 posters and meet at the jelly pool to perform a concert.

Actions

- Move according to movement rules.
- Place a poster by playing a card that matches both the space and zone of a band member. (Jellies cannot be used to place posters.)
- Give the #1 Fan a card to collect a jelly.
- Spend a jelly to draw a card.
- Spend 3 movement to draw a card.
- Spend a movement and a card matching the movement's color to draw a card.
- Spend jellies to move or as a color card.
- Trade 3 matching colors for a jelly.

Movement

The Mistfits start each turn with the 6 colored movement tokens face up. A token may be flipped to allow a band member to move across a path matching the used color.

When the other Amoebunnies tumbled from the clouds, they each found a color that made them happy. But Melaina couldn't. She tried red: it was too fierce. Yellow was too sunny. Blue was too calm. No single color ever fit. They didn't sing. One voice wasn't enough; she wanted a chorus.

One overcast day, while hopping along the beach, she found a splintered wooden box, busted open and spilling out its guts—snarls of string, glittering beads, scraps of ribbon in every shade imaginable. Melaina's eyes went wide. Too many colors. Too many feelings. Too many sounds for just one Amoebunny. But Melaina had an idea.

With a defiant howl and a *schlorp!*, she split into four. Each fragment wrapped itself in threads and sparkles, fashioned a costume, made an instrument, and tuned into a different frequency of the storm inside.

They call themselves Melaina and the Mistfits.

And ready or not, they're gonna play the Mists loud enough to shake the sky!

Components

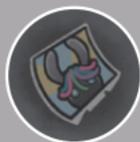

12 Fandom
tokens

4 Character tokens

Face-Up:
"Intact"

Face-Down:
"Ripped"

12x Poster tokens

Face-Down
"Colorful"

Face-Up
"Dimmed"

6 Movement tokens

Setup

Collect **jellies** according to turn order and place them on Melaina's **character board**.

Place the 12 **fandom tokens** on your character board.

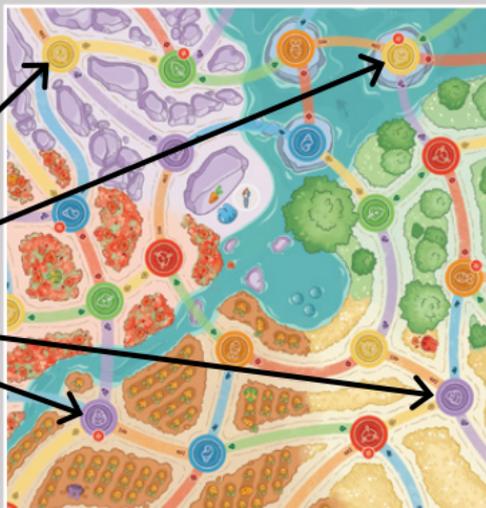

Place the 6 **movement tokens** on your character board.

Draw 3 cards from the
Color Deck.

Place the band member
character tokens on the
yellow and purple spaces
in the second ring of the
game board.

Objective

Melaina and her friends have formed a band, The Mistfits. They want to perform a concert for all their bunny friends, but to make sure they all attend, they'll have to advertise! They've made a stack of 12 posters that they want to spread around to guarantee the concert is a success.

To place a poster, **play a card that matches both the color of the space and the zone** a band member is on. If the card is a double-color card, it can only be used on the matching double-color space. When placing a poster, place the token showing the intact poster side. **Jellies may not be used to advance this objective.**

On other players' turns, when they are on a space with an intact poster, they tear off a ticket from the poster so they can attend the concert. Flip the poster to the ripped side and give that player a Fandom token. No Fandom may be gained from already ripped posters.

Posters can only be ripped by other players on their turn. **Ripping a poster is not an action** and happens immediately when on a space with an intact poster.

No space may have more than one poster and no zone may have more than two. Therefore, in order to place all of their posters, the Mistfits will have to place exactly two posters in each zone.

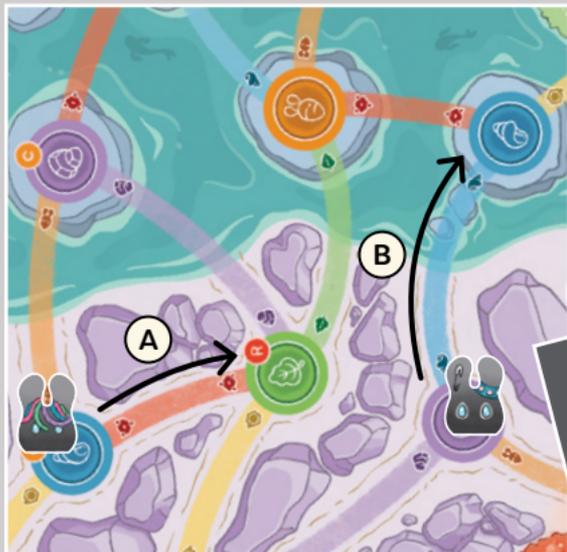

When all posters have been placed, the band must get together in the spaces surrounding the jelly pool at the center of the board (not necessarily the same space). **Once all the posters are up and the band has gathered, the concert begins and Melaina wins the game!**

Movement

Melaina and the Mistfits have six movement tokens placed on the character board. At the **beginning of your turn**, flip them **face-up**. To make a movement, **flip a movement token** face-down. Melaina may then **move any member of the band** across a path **matching the color** of the flipped token. Movement may be split among band members however you like.

All characters, including Melaina, may spend a jelly for an extra movement.

Melaina flips the red token on her character board to allow one band member to move across a red path. She chooses path (A). She then flips her blue token and moves a different member across path (B). She may continue flipping unused colors to move band members.

Special Abilities

#1 Fan: Once per turn, Melaina may **give the person with the most Fandom** tokens an autograph. Give that player a **card from your hand**, then they **discard all of their Fandom** tokens and remove them from the game. Melaina, fueled by all the hype, **collects a jelly** from the pool.

The targeted player must have at least one Fandom token. If multiple players are tied for #1 Fan, Melaina may choose which player to give the autograph to.

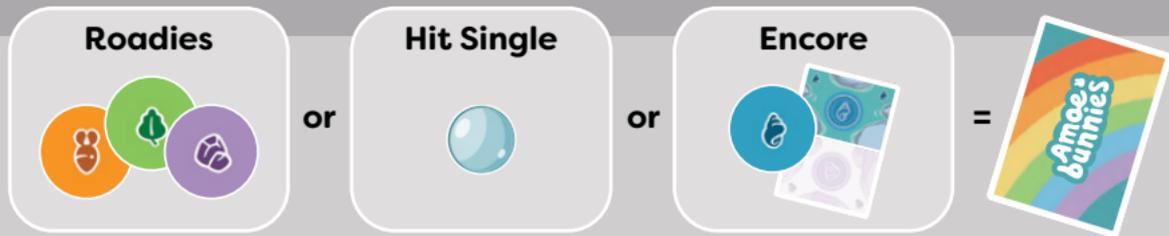

Special Abilities *(continued)*

Roadies: Melaina may **flip three unspent movement to draw a color card.**

Hit Single: Melaina may **spend a jelly to draw a color card.**

Encore: Melaina may **flip an unspent movement token and play a card matching the flipped token's color to draw a color card.**

Jam Session: At the end of your turn, **draw cards until you have 3 color cards in your hand.** If you already have 3 or more color cards in your hand, do not draw. Do not discard if you have more than 3.

Melaina has multiple ways to draw more cards. Use these abilities to cycle through the deck when looking for a specific color.

Summary

- Flip movement tokens to have a band member move across matching paths.
- Play cards to place posters on matching spaces. (Limit: 1 poster per space and 2 posters per zone)
- Watch for players passing your posters. Tickets are picked up and Fandom is gained automatically on other players' turns.
- Use your abilities to cycle through the Color Deck when searching for the colors you need.
- Gather in the spaces around the jelly pool after placing all posters to win.

Special Abilities—Quick Reference

- **#1 Fan:** Once per turn, give a color card to the player with the most Fandom tokens. That player discards all their Fandom tokens, and Melaina gains one jelly from the pool. If there's a tie, choose one of the tied players.
- **Roadies:** Flip three unspent movement tokens to draw a color card.
- **Hit Single:** Spend a jelly to draw a color card.
- **Encore:** Flip one unspent movement token and play a card matching the flipped color to draw a color card.
- **Jam Session:** At the end of your turn, draw cards until you have three color cards in hand.
